As a supporter of our work, you share with us a passion for accelerating Bible translation around the world.

That is why I am writing to announce a change to Wycliffe Foundation that will maximize the effectiveness of the funds received from faithful partners like you, so that more of those still waiting will have access to God's Word in a language they understand best.

Since its inception, the Wycliffe Foundation has made valuable contributions to Bible translation. In November 2009, the Foundation celebrated the production of \$100 million in gift plans that will eventually fund the work of Wycliffe and our partner organizations.

However, several reasons have led Wycliffe to reconsider the current business model of the Foundation. This examination essentially asked how we might further advance the mission of Wycliffe through a restructure of the Foundation that preserves the professional approach to gift planning established by Foundation staff, lowers the cost of doing business and further integrates the Foundation with Wycliffe Bible Translators. The result is a restructuring of Wycliffe Foundation.

The restructured Wycliffe Foundation will continue to operate as a subsidiary of Wycliffe USA providing a ministry of gift planning in support of Wycliffe Bible Translators, JAARS, SIL, The Seed Company and the Graduate Institute of Applied Linguistics.

It is important to note that any current agreements you may have entered into with the Foundation will not be affected by this restructuring. We will continue to manage your gift planning agreements in the same friendly, professional manner to which you are accustomed.

Throughout this transition, we want to emphasize that we do not take our relationship with you for granted. If you have any questions or concerns, please feel free to contact us toll-free at (877) 493-3600. We will continue to serve you in implementing God's plan of stewardship for what He's entrusted to you.

Thank you again for your support of Wycliffe and Bible translation.

Warmly in Christ,

Bob Creson
President and CEO
